RE: U.S. EPA Indian Environmental General Assistance Program  
GA 99T11401-1  
Application Due:

JUN 26 2015

Dear President Balderaz:

I am pleased to inform you that your proposal submitted to this office under the U.S. Environmental Protection Agency's Indian Environmental General Assistance Program (GAP) has been tentatively approved for funding. At this time, I am setting aside \$50,000 of funding to support your GAP work plan in Fiscal Year 2016.

During the review of the recent four year GAP grant to the Tribe (summarized in the EPA GAP End of Year Report), it was noted that many commitments were incomplete, or partially complete. In addition, during the first two quarters of the current work plan, the quarterly reports show commitments are behind schedule and are missing attached deliverables. The Tribal Environmental Director is paid 100% by the GAP grant and that position should be working only on tasks that are in the agreed upon GAP work plan. Any work that the Environmental Director does outside of the GAP work plan is not allowable.

If the Tribe can show they are working diligently on their current GAP work plan, EPA may consider providing the Tribe with additional funds in FY16. In order for that to happen, the Tribe will need to document completion of work funded in the FY15 GAP work plan. Concerning the incomplete commitments, the Tribe will need to provide an explanation of why those commitments were not completed and how the Tribe plans to either complete the work or propose new GAP eligible, necessary work that was completed. The work completed in the 1<sup>st</sup> quarter report of FY16 will also be taken into consideration when making its decision on providing additional funding. If the Tribe can show improvements in the completion of work plan commitments, EPA may provide an additional \$50,000 to the Tribe to support the submitted work plan.

**Work plan submission, negotiation, and approval will be conducted electronically in GAP Online.** The comments attached here for your reference are also available in GAP Online. If we receive your complete application and an **approvable** revised work plan by the due date we will make every effort to award the grant by September 30, 2015. This funding will support work plan activities **from July 1, 2015 to June 30, 2016**. Please do not incur any costs under this work plan until the official grant award document has been signed and dated by the EPA Award Official. Any costs incurred before the date of award will not be reimbursed.

This letter does not constitute a grant award. In order to receive funding, the Ft. McDowell Yavapai Nation will need to complete an Application for Federal Assistance (SF-424). **The complete application, including an approvable work plan, must be submitted for EPA review by the due date indicated above.** Materials can be submitted earlier and will be processed on a first-come, first-served basis. Please note that in completing your application, you will need to enter the GAP Catalog of Federal Domestic Assistance Number (CFDA), required in box #11 on the SF-424A application form, 66.926.

**New Process for Submitting Your GAP Grant Application**

Effective February 17, 2015, EPA grant applicants **must** use Grants.gov to submit their applications. The Grants.gov registration process can take up to 30 days to complete. Therefore, it is highly recommended that EPA applicants complete their registration on Grants.gov now. Also, your organization's registration in SAM.gov must be active to utilize Grants.gov.

Please review the attachment (or go to <http://www.epa.gov/region9/funding/information.html>) for additional resources on Grants.gov, Federal Regulations, and new EPA requirements. We suggest you forward these materials to your Project Manager, Financial Officer and any other personnel in your organization requiring this information.

Since there may have been changes to various EPA assistance regulations, please remember to obtain a copy of the Code of Federal Regulations (CFR), Title 40, Parts 1-49. This CFR is updated every July 1 and includes the Chapter I, Subchapter B which are regulations applicable to your cooperative agreement. The CFR is available through the Internet at the following address:

<http://www.epa.gov/region09/funding/before.html>

I look forward to working with you and your staff under the General Assistance Program. Questions regarding the completion of the application forms as well as the mandatory use of grants.gov should be referred to Elizabeth Armour, Grants Management Specialist, at (415) 972-4264. You can also contact your GAP Project Officer, Tim Grant at (415) 972-3783 if you have questions regarding this letter, the work plan or the General Assistance Program.

Sincerely,

Laura M. Ebbert  
Manager

## **GAP 2015-2016 Work plan Comments Fort McDowell Yavapai Nation**

Thank you for developing an outcome-oriented work plan. The following observations and requests were written with the intent of strengthening the Tribe's GAP work plan, identifying possible assistance, and ensuring the work plan meets GAP guidelines. These comments pertain to the 2015-2016 work plan that was submitted with your GAP proposal in GAP Online in December 2014. Please ensure that these comments are addressed in your final GAP work plan in GAP Online.

### **General Definitions and References**

1. The following references are useful for understanding GAP in general, for getting an understanding for environmental outcomes, etc.
  - 2013 Guidance on the Award and Management of General Assistance Program Agreements and Appendix I, Guidebook for Building Tribal Environmental Program Capacity  
<http://www.epa.gov/region09/funding/pdfs/tribal-gap14/fy2014-r9-gap-guidance.pdf>
  - GAP Act (<http://www.epa.gov/Indian/pdfs/4368b.pdf>)
  - 2014 GAP Grant Notification (<http://www.epa.gov/region09/funding/tribal-gap.html>)
  - EPA Strategic Plan (<http://www.epa.gov/ocfo/plan/plan.htm>)
2. Environmental outcomes should be expressed in terms of improvements to public health, the environment, or human behavior. They can also reflect improved tribal capacity to protect public health or the environment. Intermediate outcomes could reflect: a) improved human health or environmental conditions, b) reduced risks to human health or the environment, c) increased tribal capabilities in legal, enforcement, technical, communication, or administrative areas. Long-term outcomes could include attainment of desired environmental conditions (e.g., water quality standards are met) or human health goals, attainment of a desired capacity to plan, develop, implement, manage and sustain tribal environmental programs.
3. Please ensure that each component in your work plan contains one or more capacity indicators that appropriately links to the steps that are either underway or proposed to begin in the associated commitments. Capacity indicators represent the destination of the Tribe's work and therefore the Tribe should express how it will accomplish the tasks necessary to achieve the indicators proposed in its commitments. Moreover, capacity indicators should ideally be placed in the "Measures" section for each component in the work plan. More information on the appropriate use of indicators is found on page 13 of the GAP Guidance. A suite of indicators that the Tribe may consider for inclusion in its work plan is contained in Appendix I of the GAP Guidebook.
4. Please correct any typographic errors in your work plan. Please note that GAP Online does not accept special punctuation or characters including quotation marks, apostrophes, semicolons, or parenthesis.
5. Please ensure that the total work plan Estimated Component Costs add up to the total approved budget amount indicated in the cover letter, and that the total work plan Estimated Work Years adds up to the total number of approved personnel funded under GAP. I have attached a document entitled "Component Cost and Work Years Guidance" that will help you to correctly identify Component Costs and Work Years to comply with this request.

6. **Greening Grants Policy:** EPA Region 9 has adopted a Greening Grants Policy which encourages grantees to carry out their EPA grant funded projects in a greener way. Your Project Officer will work with you to determine whether it is feasible to incorporate green practices into your work plan. The Greening Grants Policy includes an attachment which describes many useful green practices. The policy furthers the objectives of EPA's 2011-15 Strategic Plan. The link to Greening Grant Policy is on the Region 9 Website Homepage, <http://www.epa.gov/region9/funding/greening-grants.html>
7. **Regarding Indirect Costs:**  
For Fixed/Carry forward Tribal IDC rates:
  - EPA may allow IDC costs to be budgeted for grants when indirect costs rates have been approved within the preceding three fiscal years. When IDC rates are not current at the time of the grant award, a term and condition will be used to require the Tribe to notify EPA and refund any overfunded amounts.
8. **Integrated Solid Waste Management Plan (ISWMP) Development:** Deliverables must include a final copy of the ISWMP signed or approved by the Tribal Council. The Region 9 Tribal Solid Waste Team is available to provide technical assistance and a comprehensive review during development of the ISWMP. The Team also has helpful ISWMP templates available by request and examples available online. It is strongly recommended that the Tribe submit a draft ISWMP to the Tribal Solid Waste Team for review and comment approximately 2 months before final approval. During this review, the Tribal Solid Waste Team can work with the Tribe to ensure critical components of a successful ISWMP are included and discuss the Tribe's individual needs.

### **Component #1**

Please place your indicators in the Measures section of the component area. Do this throughout the work plan.

#### **Commitment 1.1**

In the Outputs/Deliverables section please include "Will submit to EPA."

#### **Commitment 1.2**

In the Estimated Cost section, please review the \$20,357 proposed to complete this commitment, as this cost is too high to complete this deliverable.

#### **Commitment 1.4**

In the Estimated Cost section, please review the \$22,618 proposed to complete this commitment, as this cost is too high to complete this deliverable.

In the Outputs/Deliverables section, please include "Will submit to EPA" as part of the deliverable.

#### **Commitment 1.6**

In the Outputs/Deliverables section, please include "Will submit to EPA, a Tribal approved final IWMP."

#### **Commitment 2.1**

Remove this commitment as the draft IWMP is already included in commitment 1.4.

#### **Commitment 2.2**

Remove this commitment as the draft IWMP is already included in commitment 1.3.

**Commitment 4.1**

In the Estimated Cost section, please review the \$10,961 that is proposed to complete this deliverable as the cost seems too high.

**Commitment 5.1**

In the Description section, please include "Quarterly financial reports."

In the Outputs/Deliverables section, please include "Will submit to EPA, four quarterly financial reports."

**Commitment 5.3**

In the Description section, please include "end of year" instead of "draft report."

In the Outputs/Deliverables section include "Will submit to EPA comments to draft end of year report."

**BUDGET COMMENTS**

Please revise the GAP budget for \$50,000.

## Component Cost and Work Years Guidance

Applications must include estimated component cost and associated work years. At present, Tribes are providing estimated costs that do not, when added together, equal the total budget request and budgeted FTE supplied with the work plan.

Suggested instructions for Tribes:

Estimated Component Costs should, when added together, equal the total budgeted amount. Two suggested ways to arrive at numbers that are equal:

Evaluate the relative percentage of financial resources each work plan task will take, each task being some percentage of 100; multiply that percentage by the total budgeted cost to get the estimated cost per component.

|                      | Component 1 | Component 2 | Component 3 | Total Budget |
|----------------------|-------------|-------------|-------------|--------------|
| Percentage of Total: | 25%         | 45%         | 30%         | 100%         |
| Cost:                | \$ 29,319   | \$ 52,774   | \$ 35,183   | \$ 117,275   |

Alternately, as an addendum to calculation of the Total Program Budget, add columns wherein the contribution of each component to the total budget is calculated, and total component budgets across budget categories, applying indirect costs if applicable, personnel costs, and fringe. This "estimate" leans more toward accurate budget numbers.

| Category          | TOTAL      | Component 1 | Component 2 | Component 3 |
|-------------------|------------|-------------|-------------|-------------|
| (FTE)             | 1.5        | 0.375       | 0.6         | 0.525       |
| Personnel         | \$ 55,000  | \$ 13,750   | \$ 22,000   | \$ 19,250   |
| Fringe            | \$ 18,150  | 4,537.50    | 7,260.00    | 6,352.50    |
| Supplies          | \$ 5,000   | 500         | 4100        | 400         |
| Travel            | \$ 5,000   | 4200        | 800         | 0           |
| Equipment         | \$ -       | 0           | 0           | 0           |
| Contractual       | \$ 15,000  | 4000        | 8000        | 3000        |
| Subtotal          | \$ 98,150  | \$ 26,988   | \$ 42,160   | \$ 29,003   |
| Base for Indirect | \$ 83,150  | \$ 22,988   | \$ 34,160   | \$ 26,003   |
| Indirect          | \$ 19,125  | \$ 5,287    | \$ 7,857    | \$ 5,981    |
| Total             | \$ 117,275 | \$ 32,275   | \$ 50,017   | \$ 34,983   |

Estimated Component work years should, when added together, equal the total budgeted FTE for the program. One work year is equal to 2,080 personnel hours. A work year is also known as a full time equivalent (FTE), since it is based on a full time job; 40 hours per week \* 52 weeks per year = 2,080 hours per year.

Two suggested ways to arrive at numbers that are equal:

Evaluate the relative percentage of staffing resources each work plan component will require, each component being some percentage of 100; multiply the percentage for each component by the total requested FTE to arrive at the estimated FTE per component.

| staffing             | Component 1 | Component 2 | Component 3 | Total Budget |
|----------------------|-------------|-------------|-------------|--------------|
| Percentage of Total: | 25%         | 40%         | 35%         | 100%         |
| Cost:                | 0.38        | 0.60        | 0.53        | 1.50         |

Alternately, when calculating the budget in the detailed manner for the Estimated Component Cost, take the FTE applied to each component and use that value to represent the estimated component FTE.

- Interim Financial Assistance Conflict of Interest Policy:

In accordance with the Omni-Circular's Conflict of Interest disclosure requirements under [2 CFR 200.112](#), EPA issued the [Interim Financial Assistance Conflict of Interest Policy](#). Requirements include applicants providing a prominently titled conflict of interest disclosure statement attached to the SF 424, if applicable. This policy applies to all individuals and nonfederal entities requesting and receiving EPA financial assistance on or after **December 26, 2014**. (Note: A standard EPA form is not currently available for the COI disclosure requirement since this is an interim policy.)

- Submission of Grant Applications via Grants.gov:

Effective **February 17, 2015**, EPA grant applicants must use [Grants.gov](#) to submit their applications. It is highly recommended that EPA applicants complete their registration on Grants.gov now, since the entire process can take up to 30 days to complete. Information located at [Submitting an Application to Grants.gov Apply](#) and [Applicant Resources](#) for Grants.gov will help you get started. Applicants are also encouraged to view a previously recorded [EPA Information Webinar](#) session/ presentation regarding Grants.gov or register for an available session.

Grants.gov support/assistance is available 24 hours a day 7 days a week at 1-800-518-4726 or [Support@grants.gov](mailto:Support@grants.gov). For International callers, call (606) 545-5035 to speak with a Grants.gov Contact Center representative. - **Bundling of Grant Application Certifications (for States & Tribes):**

State and Tribal applicants are highly encouraged to submit annually a single set ("bundling") of application certification forms with a cover letter. The letter must indicate the applicable timeframe (usually a federal or state fiscal year) of the certifications for all EPA grant applications received by Region 9 Grants Management Office (GMO) within that period. GMO accepts Adobe format (.pdf) of the letter with applicable signed certification(s) through the electronic mail box: [grantsregion9@epa.gov](mailto:grantsregion9@epa.gov). Please note that updated forms must be submitted when changes to the responses are required. The following certifications can be bundled:

- ❖ [Standard Form \(SF\) 424B, Assurances for Non-Construction Programs](#)
- ❖ [EPA Form 6600-06, Certification Regarding Lobbying, Certification for Contracts, Grants, Loans and Cooperative Agreements](#) ❖ [EPA Form 4700-4, Preaward Compliance Review Report for All Applicants Requesting EPA Financial Assistance](#)

Applicants are highly encouraged to use bundling of their certifications if multiple EPA applications are submitted annually. Bundling can be especially helpful as EPA is transitioning to Grants.gov. Please contact your EPA Grants Specialist for questions regarding bundling.
